

The **BIG** *of* **2014** **BROADCAST**

What is it?

The Big Broadcast of 2014 is a live radio show on stage. In the spirit of yesteryear, Peach City Radio's The Big Broadcast fits much like a radio version of Vaudeville, with acoustic musical acts, comedy and a complete melodrama play. Our sound effects crew will use lively gizmos and gadgets to ensure the proper sound comes through the recording for broadcast and podcast. The audience is an important part of the show too! During the comedic melodrama, we'll cue the audience to "boo" the villain and "cheer" the hero! The whole show will also honor local radio history. A show quite like this has never been seen in Penticton...well at least not since 1936!

History

Our 2014 performance pays tribute to a show called the Big Broadcast that was on the Shatford stage in March of 1936. 110 local performers entertained as if they were part of a radio show, but it was 12 years before CKOK signed on as Penticton's first station. The 1936 event raised funds for Gyro Park and a bandshell that was erected that year. Our 2014 event will be broadcast and podcast and is raising funds to build Peach City Radio's community radio studio in downtown Penticton.
